Elections—Recall of Elected Officials—Recall of Local Officers; Petition; Contents; Affidavit; Jurat; Date of Notarial Act. Fred W. Johnson, Labette County Counselor, Parsons, January 10, 1991.

A petition seeking the recall of a local officer must be certified by an affidavit by the sponsor who personally circulated the petition. The oath or affirmation required for an affidavit may be administered by a notary public. The fact that an oath or affirmation has been administered may be proved by presence of a valid jurat or by evidence aliunde presented at the time the petition is filed with the county election officer. The jurat must be in one of the forms set forth in K.S.A. 1989 Supp. 53-508 and must include the date of the notarial act. If the jurat fails to meet either of these requirements, the jurat is invalid and the petition will lack the required affidavit. A petition seeking the recall of a local officer which lacks the affidavit by the sponsor who personally circulated the petition will be deemed insufficient. State Corporation Commission

Public Notice

The State Corporation Commission-Conservation Division in joint cooperation with the Kansas Geological Survey, the Kansas Geological Society and the American Petroleum Institute (API) invite vendor participation in an effort to establish the "Official State of Kansas Well Identification Numbering System" for petroleum-related wells (both current and historical).

This request shall be limited to vendors with a significant number of individual wells in existing computer data collections that may currently have assigned "nonofficial" unique identification codes/numbers.

All participant vendors should format requested data in the following structure in an ASCII Code text file on electronic media:

(Unique Code-State/County/Well/Directional API Sidetrack) (Section-Township-Range) S.T.R. **OPERATOR** (Name) (Name) **LEASE** WELL (Number) (Location-QTR/QTR/QTR Section) SPOT (Footage-FNL or FSL and FEL or FWL) LEGAL **STATUS** (Current) (Feet and Elevation Reference) ELEVATION SPUD DATE (Month, Day, Year) TOTAL DEPTH (Feet)

The end result of vendor participation in this cooperative effort will establish the "Official State of Kansas Well Identification Numbering System."

Retrieval of all archived and future documents shall require this "Official Unique Number" by the State Corporation Commission-Conservation Division, Kansas Geological Survey and Kansas Geological Society.

Upon completion of this project, participating vendors shall receive a "Master Official Public Numerical Listing of all Kansas Wells," which will merge in this single integrated numeric system. These participant vendors shall be entitled to individual well cross-match listing (in computer electronic format) of existing non-official identification numbers/codes for their total Kansas well data base submitted and relationship with the "Official Kansas State Well Identification Number" for all Kansas wells.

All vendors desiring to participate in this project should submit in writing a letter of voluntary participation by February 15 to the director of the State Corporation Commission, 202 W. 1st, Wichita 67202.

Any questions concerning this participatory program should be directed to Dave Williams, Conservation Division, at (316) 263-3238.
